

Broxbourne CE Primary

SEND Information Report

(School Offer)

June 2017

Broxbourne CE Primary School is an inclusive school and is committed to the academic and personal development of all children, regardless of background or ability. We aim to help all learners reach their full potential and are strongly committed to our responsibility towards the identification and assessment of special educational need/disabilities (SEND). We are dedicated to closing any gap between children with and without SEND. At Broxbourne CE Primary, we offer a range of provision to support children with SEND; over and above Quality First Teaching for all.

For your information we have provided some answers to the following questions:-

1. How does the School know if the children need extra help and what should I do if I think my child may have special educational needs?

The SEND Code of Practice, 2015 states that “A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.”

A child of compulsory school age has a learning difficulty or disability if they:

- have a significantly greater difficulty in learning than the majority of others of the same age; or
- have a disability which prevents them from making use of educational facilities of a kind generally provided for others of the same age in a mainstream school.”
- If you think that your child fits the above description, it may be useful to read on.

2. How will the School staff support my child?

- The class teacher will ensure that the School's SEND policy is followed in the classroom and for all children he/she teaches with any SEND. He/she will ensure that all staff working with a child with SEND are helped to deliver the planned work/programme and work to achieve the best possible progress.
- The SENCo/INCo is responsible for co-ordinating all the support for children with SEND, and developing the School's SEND policy to ensure all of the children get a consistent, high quality response to meeting their needs in school.
- (See Appendix A Whole School Provision Map)

The SENCo/INCo will ensure that parents/carers of children with SEND are:

- involved in supporting their child's learning;
- kept informed about the support their child is getting;
- involved in reviewing how they are doing.

The SENCo/INCo will liaise with other people who may be coming in to school to help support the children's learning e.g. the Speech and Language Therapist, Educational Psychologist etc.

- The SENCo/INCo will update the School's SEND register (a system to ensure that all of the SEND needs of children in school are known) and ensure that current records of those children's progress and needs are kept.
- The Head Teacher is responsible for the day to day management of all aspects of the School, and this includes the support for children with SEND. The Head Teacher makes sure that the School's Governing Body is kept informed about any progress/concerns in school relating to SEND.

- The School has a Governor who is responsible for overseeing the SEND provision in the School, and he/she must make sure the Governing Body is kept informed about any progress/concerns in the school relating to SEND.

3. How will I know how my child is doing, and be involved in discussions about planning for my child's education?

- Your child's class teacher is the first "port of call" when you want to discuss any worries you may have about your child's progress. This could happen during Parents'/Carers' Evening, or an appointment can be made to talk with them at another mutually convenient time.
- The teacher will identify, plan and deliver any additional help your child may need and let the School SEND Co-ordinator (SENCo/INCo) know about any concerns as necessary.

- In addition the class teacher is responsible for writing Individual Support Plans (ISPs) for the children with SEND in his/her class, and sharing and reviewing these with parents/carers at least once each term before planning for the next term.
- Home/school communication books
- PEP meetings (for Children Looked After)
- Meetings with school staff and professionals

4. How will the learning and development provision be matched to my child's needs?

- It is our aim that all children are given the opportunity to access appropriate learning opportunities in an inclusive manner.
- The class teacher regularly checks on the progress of each child in the class, and will identify, plan and deliver any additional help a child with SEND may need. This may include targeted work, additional support etc.

- For a child who has been assessed as in need of SEN support, we follow a cycle of ‘Assess, Plan, Do, Review.’
- All teaching is based on building on what each child already knows, can do and can understand.
- Advice from other professionals is implemented in the planning process e.g. Advice from Specialist Teacher for Autism.

5. What support will there be for my child's overall wellbeing?

- At Broxbourne CE Primary all children are valued as individuals:
- Staff listen to children and, where appropriate, a key adult will support the child.
- Additional support is given to children who find aspects of the school environment challenging.

- Careful consideration is given to children's physical and mental health and wellbeing.
- Referral to appropriate external agencies as necessary, e.g. Families First, Family Support Worker, CAMHS.
- Consistent approach to individual needs by all staff.
- We ensure that children feel safe by having strong, clear routines, consistent expectations and consistent adults in every class.

6. What specialist services and expertise are available at or accessed by the school?

- Educational Psychologist
- Specific Learning Difficulties Base
- Speech and Language Service
- Advisory Teacher Service for Autism, Speech and Language, Hearing impaired and Visual impaired
- Child and Adolescent Mental Health Service (CAMHS, Step 2)
- School Family Worker
- School Nursing service
- Rivers Education Support Centre (ESC)
- Counselling Services
- Outreach (Middleton MLD)

7. What training have the staff had with supporting children with SEN?

- The SENCo/INCo is an experienced teacher and has obtained the National Award for SEN Co-ordination. She regularly attends training to ensure her knowledge of SEND remains up to date.
- The SENCo/INCo's job is to support the class teacher in planning for children with SEND.
- The School has a training plan for all staff to improve the teaching and learning of children including those with SEND. This includes whole staff training on SEND issues such as ASD and speech and language difficulties.
- Individual teachers and support staff attend training courses run by outside agencies that are relevant to the needs of specific children in their class.

8. What specialist services and expertise are available to be accessed by the school?

- If more than two specialist services are involved, the school may co-ordinate multi agency approach. This will involve getting together with the SENCo/INCo to complete the Families First, Early Help Module.
- The following services are offered in school by the Local Education Authority:
- Bonneygrove SpLD base offer advice and support with specific learning difficulties in English and Maths;
- Outreach support from specialist schools;
- Educational Psychology Service;
- Communication Disorder Team supporting children on the autism spectrum and children with communication difficulties.
- Low Incidence Team supports children with Hearing Impairment, Visual Impairment and Physical and Neurological Impairment.
- School staff will liaise with members of the Health profession. The parent's/carer's first point of contact is their GP who may refer their child on to the appropriate specialist team.

9. How are the school's resources allocated and matched to children's SEN?

- Class teachers are responsible for meeting the needs of all pupils in their class by differentiating the learning.
- Where pupils are working below age related expectations, class teachers adapt teaching to ensure that gaps in pupils' knowledge are covered.
- The funds delegated by County (age weighted pupil units) are allocated to meet the needs of children with SEND. The School Budget includes money for supporting children with SEND.
- The Head Teacher decides on the budget for SEND in consultation with the school governors, on the basis of needs in the school.

- The school applies for Exceptional Needs Funding for a few children who have a very high level of need. If the application is successful the allocated money is used to support the identified child.
- All additional provision for pupils with SEND is overseen by the SENCo.

- The school governors and the Head Teacher/SENCo/INCo discuss all the information they have about SEND in the school, including:
 - the children receiving extra support already;
 - the children needing extra support;
 - the children who have been identified as not making as much progress as would be expected.
- They use this information to decide what resources, training and support is needed.
- All resources, training and support are reviewed regularly and changes made as required.

10. How will my child be included in activities outside the classroom, including school trips?

- We recognise that transitions can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible.
- For any school trip, a risk assessment will be completed by the class teacher and children's individual needs will be considered.
- Reasonable adjustments will be made dependent on a child's needs. This may involve a discussion with parents/carers.

11. How accessible is the school environment?

We have an Accessibility Plan in place and where feasible, make reasonable adjustments to improve the accessibility of our environment to meet individual needs. Our policy and practice adheres to The Equality Act 2010.

12. How will the school prepare and support my child to join the School, transfer to a new school or the next stage of education?

- If your child is joining Broxbourne CE Primary School from another school, the SENCo/INCo will discuss the specific needs of your child with the SENCo/INCo from the other school. Arrangements will be made for your child to visit Broxbourne CE Primary on several occasions. This will help your child to ensure a smooth transition from one school to another.

- If your child is moving to another school:
 - We will contact the SENCo/INCo to ensure he/she knows about any special arrangements or support that needs to be made for your child.
 - We will make sure that all records about your child are passed on to their new school.
- When moving classes in school:
- Information will be passed on to the new class teacher in advance and a planning meeting will take place with the new teacher.
- All ISPs will be shared with the new teacher.
- If it would benefit your child, a transition book to help them understand moving on will be made for them.

- In Year 6:

The Head Teacher/SENCo/INCo will attend the Primary Transition Day to discuss specific needs of your child with the HeadTeacher/SENCo/INCo of their secondary school.

Your child will undertake focused learning about aspects of transition to support their understanding of the changes ahead.

13. Who can I contact for further information?

- If your child had a particular need or disability and you would like to know more about what we can offer at Broxbourne CE Primary School ask to speak to our Head Teacher/SENCo/INCo. The SEND Governor can be contacted through the school office.
- The Hertfordshire SEN Officer can be contacted on 01438 844893
- Whilst we would hope that any problems may be overcome in consultation with school staff and governors, please refer to our complaints policy for procedures to follow if you feel you need to take further advice.

14. How is the decision made about how much support my child will receive?

- When pupil's needs are initially identified a discussion takes place between teachers, parents and, where appropriate, pupils. At this meeting desired outcomes for the pupil will be discussed and the provision or support that the pupil needs to meet these outcomes will be agreed.

- School staff are usually best placed to advise on the nature of the support/provision needed, but occasionally the school seeks the support of other agencies to advise.
- We think it is really important that parents and pupils are fully involved in decisions about support and provision. Decisions to implement provision which is different from or additional to that received by the majority of children are made in conjunction with parents and pupils. If there are differences of opinion about the nature of support required the school may seek the advice of external agencies to support the decision making process.

15. How can I find information about the local authority's Local Offer of services and provision for children and young people with special educational needs and disability?

The Hertfordshire Local Offer can be found at:
<https://beta.hertfordshire.gov.uk/microsites/local-offer/the-hertfordshire-local-offer.aspx>

This offer is accurate now, but services are regularly reviewed (at least annually) and could change. All information will be updated as soon as possible to reflect any new service offer.
