

## **BROXBOURNE CE PRIMARY SCHOOL AND EXTENDED SCHOOLS**

### **PUBLICATION SCHEME UNDER THE FREEDOM OF INFORMATION ACT**

**This is Broxbourne CE Primary School's Publication Scheme on information available under the Freedom of Information Act 2000**

#### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FoIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

#### **2. Aims and Objectives**

In our school we endeavour to create a positive and happy learning environment in which all our children can achieve their full potential and develop sound self-esteem. We nurture our children's spiritual, moral and educational development within a loving Christian community.

We believe:

- Each of us has a distinctive contribution to make to the life of our school.
- Positive self-esteem and high expectations provide the foundation for successful and independent learning.
- All children have the right to learn and the right to feel safe.

We value good relationships with one another and actively promote:

- Respect for one another;
- Equality of learning opportunity;
- Close partnership with parents/carers.

The Governing Body is actively involved in the life of the school and is responsible for supporting and monitoring its work and performance and this publication scheme is a means of showing how we are pursuing these aims.

### **3. *Categories of information published***

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into three broad topic areas:

- *School Website* – information published on the School Website.
- *Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.
- *School Policies and other information related to the school* - information about policies that relate to the school in general.
