

Sports Premium Funding 2017-18

The government has doubled the sports premium funding until 2020 to improve provision of physical education (PE) and sport in primary schools. This funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport and is ring-fenced and therefore can only be spent on provision of PE, health and sport in schools.

At Broxbourne CE Primary School our priority is to provide high quality and exciting sporting opportunities for our children. Targets and actions for this academic year at our school are detailed below. These will further develop sport, PE and the children's understanding 'being healthy'. The approximate allocation from the Sports Premium budget to help us achieve these goals has also been detailed.

The budget for this academic year is £8900 (doubled) = £17800
